

PROFILE

I am a researcher with a great dedication to the environmental protection of marine ecosystems. I want my career to contribute positively to the health of oceans and seas and I plan to achieve that through scientific research. I have many years of experience working in different sectors, but I want to follow an academic path - to support the development of knowledge and to find sustainable, long-term solutions for ocean health preservation.

I am skilled in scientific research and project management.

LANGUAGES

- English - Fluent (C2 Certificate)

RESEARCHER

EDUCATION

Humboldt University in Berlin

Agricultural Economics, M.Sc. | 10.2020 - 10.2025 - Thesis title „Overview of existing agrivoltaic technologies - A systematic review”

Main focus:

- future of agriculture and food;
- international trade;
- agriculture and food policy;
- rural development;
- quantitative and qualitative research methods;
- economics and econometrics.

Integrated Natural Resource Management, M.Sc. | 10.2022 - today - thesis planned for 2025/26

Main focus:

- biodiversity management;
- environmental and resource economics;
- agroecosystems, environment and sustainable natural resource use;
- managing risk and uncertainty;
- international policy analysis.

University of Warsaw, Poland

Management, B.A. | 10.2015 - 09.2019

Main focus:

- economics and statistics;
- financial management, accounting and trade;
- law (administrative, civil and economic law);
- risk management;
- project management;
- human resources management.

IT-SKILLS

- Basics of Data Science (Certificate)
- R/RStudio
- MS Office (Excel, PowerPoint, Word, MS Project)
- Knowledge of Google Workspace, also as Admin
- Other tools:
 - Asana
 - Miro
 - Airtable
 - Canva

SOFT SKILLS

- Great organisational skills
- Confidence in communicating my results
- Critical thinking and problem-solving
- Strong written and verbal communication
- High work ethic
- Responsibility, independence and decisiveness
- High self-motivation and initiative
- Resilience and perseverance
- Creativity and innovation
- Good team player and leader
- Problem-solving abilities
- Adaptability and flexibility
- Attention to detail

PAPERS

- Foodwaste management im Kontext nachhaltiger Geschäftsmodelle (Eng: Foodwaste management in the context of sustainable business models)([link](#))
- Economic and Non-economic reasons for conserving biodiversity ([link](#))
- Stigma attached to veganism ([link](#))
- An overview of current polygraph test regulations in chosen European countries and the United States of America ([link](#))
- The World Economic Forum Global Risks Reports 2021 & 2022 - 16TH AND 17TH EDITION COMPARISON PAPER ([link](#))

ADDITIONAL ACTIVITIES

- Participation in a GEOMAR summer school “Diving Into Change: Exploring Interdisciplinary Marine Science Perspectives on Our Changing Oceans”, 25-30th of August 2024 ([certificate](#))
- Work as Technical Support at the Tropentag conference at the HU in Berlin in September 2023
- Participation in an international online workshop on “Proposal of Self-Sufficient Energy for a New Era” organized by the TUAT-WISE Program, between January 10 and February 2, 2023 ([certificate](#))
- As a Junior Researcher at AgroSolar Europe GmbH I participated in writing grant proposals (for example [this one](#)), prepared a project management plan for a research project and managed billing for one of the running projects.
