

Publikationsverzeichnis Rieke F. Schons

Vitt S., Schons R. F., Keller A. J. R. & Thünken, T. (2022) Inbreeding affects juvenile shoaling behaviour in sibling groups of a cichlid fish. *Hydrobiologia* (published online).  
[doi.org/10.1007/s10750-022-05028-y](https://doi.org/10.1007/s10750-022-05028-y)

Schons R. F., Vitt S. & Thünken T. (2022) Resource heterogeneity but not inbreeding affects growth and grouping behaviour in socially foraging juvenile cichlid fish. *Functional Ecology*, 36, 550– 560.  
[doi.org/10.1111/1365-2435.13960](https://doi.org/10.1111/1365-2435.13960)

Schons R. F., Vitt S., & Thünken T. (2021) Environmental habituation and sexual composition affect juveniles' shoaling activity in a cichlid fish (*Pelvicachromis taeniatus*). *Journal of Fish Biology* (published online). [doi.org/10.1111/jfb.14836](https://doi.org/10.1111/jfb.14836)
